

The Straits International

COMPANY PROFILE

ABOUT TSI

The Straits International Pte Ltd, founded in 2010, is a Singapore-based supply chain specialising in agricultural commodities - grains, oil seeds and protein products.

We originate and buy physical agri-commodities from different continents and deliver them through our spectrum of services ranging from logistics, transportation, hedging, risk management and financial services to meet different customer needs.

Our focus industries are animal and aqua feeds, flour milling, food manufacturing, and oils and fats manufacturing. Our diverse customer base, investments in originations to destinations and comprehensive range of agricultural commodities provide us with the ability to deliver bespoke solutions to our customers. Coupled with efficient handling and responsive support, we are committed to meet our customer's demands and expectations.

NATPURE™

NATPURE milk replacer, also known as fat-filled milk powder provides important nutrients for piglets/calves which boosts their overall health and performance while reducing mortality rates. Our specially formulated milk protein is highly digestible and has excellent levels of essential amino acids. Piglets and calves thrive on lactose products which are both palatable and digestible

NATPURE milk replacer decreases risk for secretory diarrhoea compared to products with simple sugars. The milk fat in our product is high in short-chain fatty acids which are an effective energy source for intestinal walls. This replacer therefore provides a comprehensive and balanced nutrition ideal for growing piglets/calves.

TSI VISION

Sustainability

To be a leading supplier that provides sustainable solutions through investments in upstream to downstream supply chain.

Zero Waste

To be a leading supplier that recycle food ingredients for the animal feed industry through our brand NATPURE.

Consumer Market

To be a leading online and offline platform in Asia through our investments in the FMCG industry.

TSI VALUES

Trustworthiness

In conducting all our business dealings.

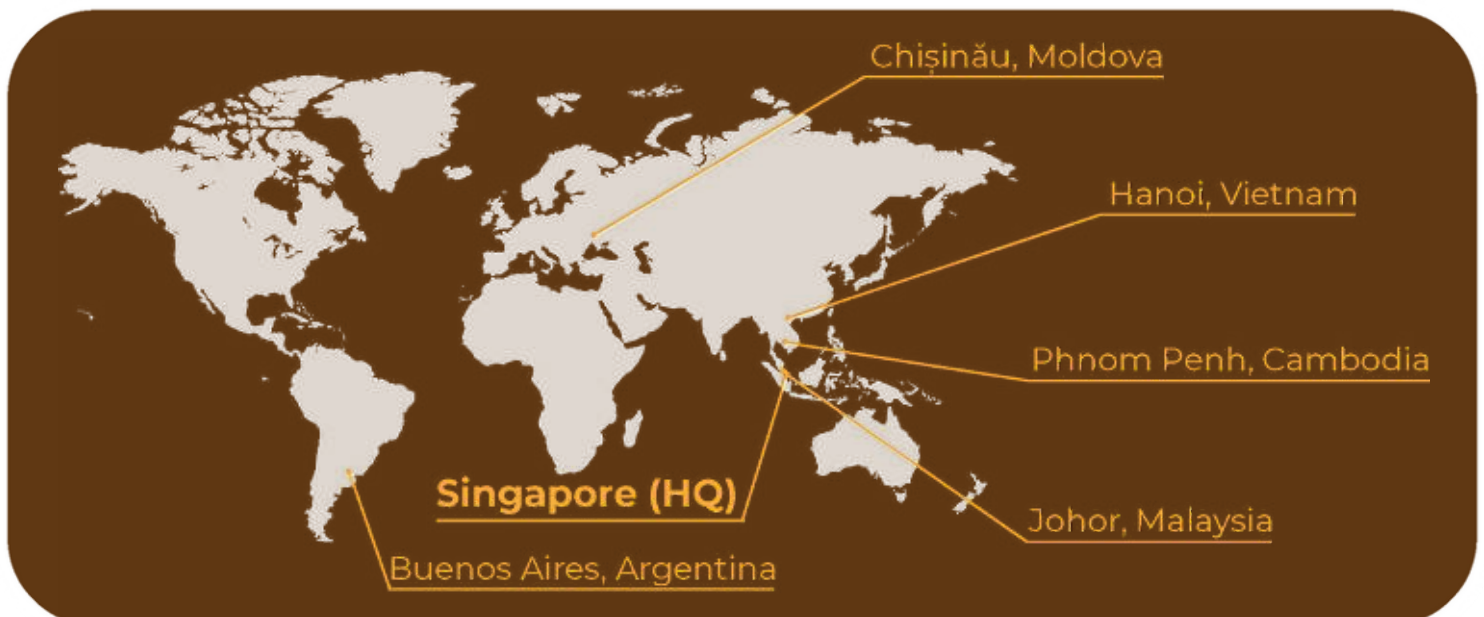

Solution Oriented

We strive to provide the best solutions for our customers by understanding and providing bespoke solutions.

Integrity

To be honest, transparent and committed to doing what's best for our suppliers, customers and counterparts.
